DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Surinder Sachar on December 21, 2005.

The application has been amended as follows:

- In Claim 5 the following has been added to line 20: A **computer readable** storage medium...
- In Claim 6 the following has been added to Line 16 A **computer readable** storage medium...
- In Claim 7 the following has been added to Line 13 **A computer readable storage medium having a** program...
- In Claim 8 the following has been added to Line 9 **A computer readable storage medium having a** program...
- In Claim 13 the following has been added to line 1: A **computer readable** storage medium...
- In Claim 14 the following has been added to line 16: A **computer readable** storage medium...
- In Claim 15 the following has been added to Line 8 **A computer readable**

storage medium having a program...

- In Claim 16 the following has been added to Line 23 **A computer**
readable storage medium having a program...

Allowable Subject Matter

2. Claims 1-16 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The prior art of record, Hashizume et al, discloses an information processing method and apparatus wherein it has multiple recording controlling means (Figure 8 shows a video reproduction apparatus 201 acting as a controlling means and a control computer 203 which detects scene changes, and Figure 16 which acts another recording controller detecting still images being processed as discussed in Paragraphs 0051-0054). Additionally, Hashizume et al discloses a playback controlling means, as seen in Figure 15, and a detection means for detecting, as seen in Figure 8.

Hashizume et al displays to the user the process of the information being processed wherein still pictures and control information is seen as seen in Figure 6. The still pictures, which are shown in Figure 6, detects an abnormality in a video signal and thereby Hashizume et al fails to disclose ***"..third recording controlling means which if no still image is recorded by said second recording controlling means over a predetermined time period. Then records still images at predetermined intervals based on said moving images together with time stamps pertaining to the recorded still image."***

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
